3RD ALLERGY PARTNERS IN CARE

Saturday, 26 September 2009

Dear Colleagues,

We welcome you to our third annual Allergy CME/CPE update.

Allergic diseases and asthma are a growing health problem worldwide.

This update will focus on the recognition, clinical diagnosis, management and prevention of common allergic diseases.

Optimal management requires the accurate determination of allergic triggers and the key preventive strategy is allergen avoidance, where appropriate.

Dr Tan Keng Leong

Organising Chairman
Director, Allergy Clinic, SGH
Senior Consultant,
Respiratory & Critical Care Medicine, SGH
