Common Hip & Knee Complaints: A Problem-based Discussion & Case Studies

Welcome Message

It is with great pleasure that I welcome you to the first GP Orthopaedic seminar for 2011. We have done away with formal lectures and instead adopted a more interactive format. The audience will have a chance to provide input on how they will manage the cases through use of a responder system, while the expert panel will provide feedback based on the current evidence for management of these issues.

I am sure you will have an enjoyable and enriching afternoon.

Yours Sincerely

Dr Lo Ngai Nung
Deputy Head, Department of Orthopaedic Surgery
Senior Consultant, Adult Reconstruction Service
Singapore General Hospital

.....

The panel will prepare and present actual case histories of patients with common and interesting hip and knee problems during the session. It will be highly interactive as audiences can participate by polling through a wireless system. The panel will discuss their approach to these clinical issues based on medical evidences and current best practices.

Time	Programme
1.00 – 2.00 pm	Registration and Lunch
2.00 – 2.10 pm	Welcome Speech <i>Dr Lo Ngai Nung</i>
2.10 – 4.00 pm	Case Study and Panel Discussion <i>Dr Lo Ngai Nung Dr Chia Shi-Lu Mr Pua Yong Hao Mr Lim Han Rong Hanniel</i>

Common Hip & Knee Complaints: A Problem-based Discussions & Case Studies

REGISTRATION REPLY SLIP

This reply slip should reach us by **13 January 2011**. As places are limited, we strongly encourage participants to **pre-register** early. To register, please **fax** to 6223 9789 or **email** pgmi.gpcme@sgh.com.sg
